Vice President for Academic Affairs and Provost

Re: Curriculum Code Requests

On the recommendation of Mary Otto, Dean, School of Education and Human Services, the Office of Academic Affairs recommends the adoption of a distinct rubric for a continuing education program intended to serve students with mild cognitive disabilities. Students enrolled in these courses are not regularly admitted OU students and do not receive credit toward a degree.

PST Post Secondary Transition

Thank you for your assistance.

RE: New Post Secondary Transition Courses

During the winter semester I proposed and got approval from Dean Otto and yourself for a new continuing education program that would serve students with mild cognitive disabilities. The program consists of a combination of courses that address the specific learning needs of these students and opportunities for these students to audit regular university courses as appropriate.

These students are not regularly admitted OU students and do not get credit toward a degree. Therefore, we have created a distinct rubric (PST) for these Continuing Education courses. Since this is a new rubric, the Registrar needs your approval.

The courses that have been created for September 2007 are:

PST 0101C - Introduction to Self-Advocacy (2 CEU)

PST 0111C - Learning Seminar I (4 CEU)

PST 0121C - Organization and Technology (2 CEU)

PST 0130C - Academic Special Topics I (4 CEU)

PST 0140C - Academic Special Topics II (4 CEU)

Can you please authorize the Registrar to create the PST rubric and build these courses in the Banner system?

Thank you.
